

suffix -ly (adjective to adverb)

Lesson 51

Week 11 – Monday

Objective

Learn and practise suffix -ly.

Revise

Recall all GPCs learned so far using flashcards.

Teach 10mins

- Teach the -ly suffix. Investigate what happens when -ly is added to an adjective. Adding the suffix creates an adverb and describes the way something is happening.
For example; suddenly loudly quickly.
- **Decoding** – Explain using mnemonic in Teacher Activities.
- Present the whole words on the IWB or flashcards quietly safely to read. Model pressing the sound buttons to make the phoneme and model merging phonemes together to blend the words (option to have a different coloured sound button for under the vowel).
- **Encoding** – Explain using mnemonic in Teacher Activities.
- Make a phoneme frame on paper or a whiteboard / IWB to show the children how to build the word from an adjective to an adverb using suffix -ly.
- Build the word loudly with letters. Model writing the word.

Practise 10mins

Blending for Reading - Read a Sentence

Teacher writes a sentence on the board.

Children have to read in their head, not aloud, then teacher asks for children to support them in reading as they point to each word in the sentence.

Quietly, the man walked into the room.

Ask the children to swap 'quietly' for another adverb (E.g. loudly furiously sadly) and discuss how it changes the meaning.

Apply 5mins

Segmenting for Spelling - Write a Sentence

Children write their own sentence about a person going somewhere using an adverb containing suffix -ly, either on whiteboards or paper. Teacher and TAs must ensure the application of correct spelling, Common Exception Words and sentence structure. Optional to provide visual aid or put selection of root words on whiteboard / IWB to help them start sentences.

E.g. Christine rudely stepped in front of the door.

Luke proudly walks into the kitchen carrying his backpack.
