

suffix -ness (adjective to noun)

Lesson 56

Week 12 - Monday

Objective

Learn and practise suffix -ness.

Revise

Recall all GPCs learned so far using flashcards.

Teach 10mins

- Teach the -ness suffix. Investigate what happens when -ness is added to an adjective. Adding the suffix turns an adjective into a noun which describes the state or condition of something. For example; hardness sadness smoothness.
- **Decoding** – Explain using mnemonic in Teacher Activities.
- Present the whole words on the IWB or flashcards illness madness to read. Model pressing the sound buttons to make the phoneme and model merging phonemes together to blend the words (option to have a different coloured sound button for under the vowel).
- **Encoding** – Explain using mnemonic in Teacher Activities.
- Make a phoneme frame on paper or a whiteboard / IWB to show the children how to build the word from an adjective to a noun using suffix -ness.
- Build the word smoothness with letters. Model writing the word.

Practise 10mins

Segmenting for Spelling

Teacher displays an adjective on whiteboard or IWB. Children change the adjective to a noun using the -ness suffix and spell it out either aloud or written down.

hard – hardness

stubborn – stubbornness

bright – brightness

cold – coldness

tired – tiredness

Discuss how adding suffix -ness changes the meaning of the word.

Apply 5mins

Blending for Reading - Sentence Substitution

Display these sentences on the whiteboard or IWB with missing words and ask the children to find the appropriate word to add from the wordbank (optional to display images for visual aid).

My grandma has a _____ for cookies.

James sleeps with a nightlight because he is scared of the _____.

I cannot read anything because the computer _____ is too low.

brightness darkness fondness

Wordbank

freshness darkness smoothness fondness illness fitness madness
brightness awareness
