

suffix -ful (noun to adjective)

Lesson 66

Week 14 - Monday

Objective

Learn and practise suffix -ful.

Revise

Recall all GPCs learned so far using flashcards.

Teach 10mins

- Teach the **-ful** suffix. Investigate what happens when **-ful** is added to a noun or verb. Adding the suffix turns the word into an adjective which describes being full of / having lots of the root word.
For example; **restful hopeful stressful**.
- **Decoding** – Explain using mnemonic in Teacher Activities.
- Present the whole words on the IWB or flashcards **delightful hopeful** to read. Model pressing the sound buttons to make the phoneme and model merging phonemes together to blend the words (option to have a different coloured sound button for under the vowel).
- **Encoding** – Explain using mnemonic in Teacher Activities.
- Make a phoneme frame on paper or a whiteboard / IWB to show the children how to build the word into an adjective using suffix **-ful**.
- Build the word **playful** with letters. Model writing the word.

Practise 10mins

Blending for Reading - Read a Sentence

Teacher writes a sentence on the board.

Children have to read in their head, not aloud, then teacher asks for children to support them in reading as they point to each word in the sentence.

When Chloe fell over and scraped her knee it was very painful.

Fred is a cheerful person.

Ask the children to swap the **-ful** suffix root word (E.g. **wonderful helpful graceful**) and discuss how it changes the meaning.

Apply 5mins

Segmenting for Spelling

Teacher displays a noun on whiteboard or IWB. Children change the noun to an adjective using the **-ful** suffix and spell it out either aloud or written down.

care - careful

power - powerful

wonder - wonderful

harm - harmful

pain - painful

Discuss how adding suffix **-ful** changes the meaning of the word.
