Lesson 71

Week 15 - Monday

Objective

Teach 10mins

- Teach the -less suffix. Investigate what happens when -less is added to a noun. Adding the suffix turns the noun into an adjective which describes being without / having none of the root word.
For example; careless painless hopeless.
- **Decoding** – Explain using mnemonic in Teacher Activities.
- Present the whole words on the IWB or flashcards powerless sleepless to read. Model pressing the sound buttons to make the phoneme and model merging phonemes together to blend the words (option to have a different coloured sound button for under the vowel).
- **Encoding** – Explain using mnemonic in Teacher Activities.
- Make a phoneme frame on paper or a whiteboard / IWB to show the children how to build the noun into an adjective using suffix -less.
- Build the word hopeless with letters. Model writing the word.

Practise 10mins

Blending for Reading - Read a Sentence

Teacher writes a sentence on the board.

Children have to read in their head, not aloud, then teacher asks for children to support them in reading as they point to each word in the sentence.

My brother is always in trouble, he can be so thoughtless.

The injection was painless.

Ask the children to swap the -less suffix noun (E.g. harmless careless hopeless) and discuss how it changes the meaning.
