## Objectives

Learn how to add **-less** suffix to root words.

Read and write sentences using sounds from Phases 2 to 5.

### Learn Memory Strategies for Spelling

**Syllables** – listen to how many syllables are in a word and break it down into smaller pieces.

E.g. **September** – break the word into **Sep** / **tem** / **ber** instead of decoding individual graphemes as S-e-p-t-e-m-b-er.

**Root Words** – find the root of the word first.

E.g. **help** - the root, **helping** - root word with suffix added.

**Analogy** – are words that help to remember other similar words.

E.g. **would**, **should**, **could**.

**Mnemonics** – create a sentence to help with remembering the correct spelling of a word.

E.g. **People** - people eat orange peel like elephants.
