

suffix -en (double consonant)

Week 16 – Tuesday

Lesson 77

Objective

Learn and practise suffix -en.

Revise

Recall all GPCs learned so far using flashcards.

Teach 10mins

- Teach the -en suffix. Investigate what happens to the spelling of a root word ending with a short vowel followed by a consonant when adding -en. Adding the suffix means the final consonant must be doubled.
For example; **fatten** **flatten** **red****dden**.
- **Decoding** – Explain using mnemonic in Teacher Activities.
- Present the whole words on the IWB or flashcards **red****dden** **flat****ten** to read. Model pressing the sound buttons to make the phoneme and model merging phonemes together to blend the words (option to have a different coloured sound button for under the vowel).
- **Encoding** – Explain using mnemonic in Teacher Activities.
- Make a phoneme frame on paper or a whiteboard / IWB to show the children how to build the word into a verb using suffix -en.
- Build the word **fatten** with letters. Model writing the word.

Blending for Reading

Teacher displays an adjective on the whiteboard or IWB and models changing it to a verb using the -en suffix.

soft / **soften**

fat / **fatten**

tight / **tighten**

flat / **flatten**

weak / **weaken**

Discuss how adding suffix -en changes the meaning of the word.

Practise 10mins

Segmenting for Spelling - Write a Sentence

Children write their own sentence using a word containing suffix -en, either on whiteboards or paper. Teacher and TAs must ensure the application of correct spelling, Common Exception Words and sentence structure. Optional to provide visual aid or put selection of root words on whiteboard / IWB to help them start sentences.

E.g. My brother goes to the gym to **strengthen** his muscles.

When I make pizza I use a rolling pin to **flatten** the dough.

Apply 5mins

Wordbank

flatten **rotten** **fatten** **red****dden**
