

Homophone - your / you're

Lesson 96

Week 20 - Monday

Objective

Learn and practise homophones **your** / **you're**.

Revise

Recall all GPCs learned so far using flashcards.

Teach 10mins

- Teach homophone **your**. The word '**your**' is a possessive pronoun used when referring to a thing or object that belongs to someone, and is related by definition and spelling to the word '**you**'.
For example; **That is your house.**
- Teach homophone **you're**. The word '**you're**' is a contraction used in place of words '**you**' and '**are**'. When we put the words together in a contraction some letters are left out, so we place an apostrophe to show this.
For example; **You're not allowed in there.**
- **Decoding** – Explain using mnemonic in Teacher Activities.
- Present the words on the IWB or flashcards **your you're** to read. Model pressing the sound buttons to make the phoneme and model merging phonemes together to blend the word (option to have a different coloured sound button for under the vowel).
- **Encoding** – Explain using mnemonic in Teacher Activities.
- Make a phoneme frame on paper or a whiteboard / IWB to show the children how to build the words **your you're** with letters. Model writing the words.

Practise 10mins

Blending for Reading - Read a Sentence

Teacher writes a sentence on the board.

Children have to read in their head, not aloud, then teacher asks for children to support them in reading as they point to each word in the sentence.

Stop! You're going to hurt your leg jumping that high!

Apply 5mins

Segmenting for Spelling - Write a Sentence

Children write their own sentence using the word '**your**' or '**you're**'.

Children write the sentence either on whiteboards or paper. Teacher and TAs must ensure the application of correct spelling, Common Exception Words and sentence structure.

E.g. **I like your shoes.**
