Teach 10mins

- Teach the word **quite**. The word '**quite**' is an adverb meaning to a certain or significant extent, depending on the context.
For example; **It is quite cold today.**
- Teach the word **quiet**. The word '**quiet**' is an adjective meaning little or no noise.
For example; **The teacher said "Be quiet!" in the classroom.**
- Teach the word **quit**. The word '**quit**' is a verb meaning to cease normal, expected, or necessary action.
For example; **I quit the soccer team.**
Explain to children that although these words are similar in spelling and sound, they are not homophones of each other, as the endings of the words are pronounced and spelt differently. They are often mixed up so it's important that children understand the difference between them and how to spell these words correctly.
- **Decoding** – Explain using mnemonic in Teacher Activities.
- Present the words on the IWB or flashcards **quite quiet quit** to read. Model pressing the sound buttons to make the phoneme and model merging phonemes together to blend the word (option to have a different coloured sound button for under the vowel).
- **Encoding** – Explain using mnemonic in Teacher Activities.
- Make a phoneme frame on paper or a whiteboard / IWB to show the children how to build the words **quite quiet quit** with letters. Model writing the words.

Blending for Reading - Read a Sentence

Teacher writes a sentence on the board.

Children have to read in their head, not aloud, then teacher asks for children to support them in reading as they point to each word in the sentence.

It was quite quiet at the library.

I need a quiet place to take a nap.
