

Homophone – blue / blew

Week 22 – Thursday

Lesson 109

Objective

Learn and practise homophones blue / blew.

Revise

Recall all GPCs learned so far using flashcards.

Teach 10mins

- Teach homophone **blue**. The word 'blue' is a noun referring to the colour, which is the same colour as the sky or the ocean, and sits between green and violet on the colour spectrum.
For example; **The sea is a beautiful blue colour today.**
- Teach homophone **blew**. The word 'blew' is the past tense of the verb 'blow', meaning to move or expel air in a direction.
For example; **The coach blew her whistle.**
- **Decoding** – Explain using mnemonic in Teacher Activities.
- Present the words on the IWB or flashcards **blue blew** to read. Model pressing the sound buttons to make the phoneme and model merging phonemes together to blend the word (option to have a different coloured sound button for under the vowel).
- **Encoding** – Explain using mnemonic in Teacher Activities.
- Make a phoneme frame on paper or a whiteboard / IWB to show the children how to build the words **blue blew** with letters. Model writing the words.

Blending for Reading - Read a Sentence

Teacher writes a sentence on the board.

Children have to read in their head, not aloud, then teacher asks for children to support them in reading as they point to each word in the sentence.

He blew on his soup because it was too hot.

The wind blew against the blue sails on the boat.

Practise 10mins

Segmenting for Spelling - Write a Sentence

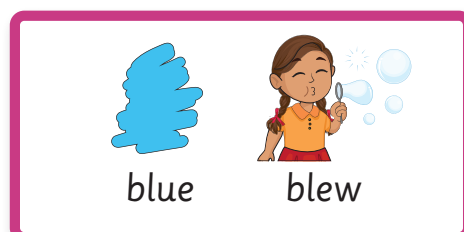

Children write their own sentence using the words 'blue' or 'blew'. Children write the sentence either on whiteboards or paper.

Teacher and TAs must ensure the application of correct spelling, Common Exception Words and sentence structure.

E.g. I grabbed a tissue from the blue box and blew my nose.

Blue is my favourite colour.
