

Objective

Learn and practise homophones **sun** / **son**.

Revise

Recall all GPCs learned so far using flashcards.

Teach 10mins

- Teach homophone **sun**. The word 'sun' is a noun referring to the giant star in our solar system around which the earth orbits.
For example; **Do not stare at the sun, it will hurt your eyes.**
- Teach homophone **son**. The word 'son' is a noun referring to a boy or man in relation to either or both of his parents.
For example; **This is my son, his name is Jack.**
- **Decoding** – Explain using mnemonic in Teacher Activities.
- Present the words on the IWB or flashcards **sun son** to read.
Model pressing the sound buttons to make the phoneme and model merging phonemes together to blend the word (option to have a different coloured sound button for under the vowel).
- **Encoding** – Explain using mnemonic in Teacher Activities.
- Make a phoneme frame on paper or a whiteboard / IWB to show the children how to build the words **sun son** with letters.
Model writing the words.

Blending for Reading - Read a Sentence

Teacher writes a sentence on the board.

Children have to read in their head, not aloud, then teacher asks for children to support them in reading as they point to each word in the sentence.

We love to sit outside in the sun.

I told my son to stay out of the sun if he is not wearing sunscreen.

Practise 10mins

Segmenting for Spelling - Write a Sentence

Children write their own sentence using the words 'sun' or 'son'.

Children write the sentence either on whiteboards or paper.

Teacher and TAs must ensure the application of correct spelling, Common Exception Words and sentence structure.

E.g. It is difficult to sleep when it is still sunny outside.

Apply 5mins

sun

son
