

Contractions – they've where's she'll

Week 23 – Thursday Lesson 114

Objective

Learn and practise contractions.

Revise

Recall all GPCs learned so far using flashcards.

Teach 10mins

- Remind children that a contraction is a word made up of two or more words that have been put together to make a single word. When the words are combined letters need to be removed, and so in their place we put an apostrophe.

The purpose of a contraction is to replicate informal speech and the way people talk, and how we tend to shorten words for the sake of communicating information faster when we speak.

- Teach children how to read and spell these contractions;

they've - they have

For example; **They've decorated for the party.**

where's - where is

For example; **Where's my shoe?**

she'll - she will

(Emphasise the apostrophe so that the word isn't mistaken as 'shell')

For example; **I hope she'll bring her puppy along.**

- Decoding** – Explain using mnemonic in Teacher Activities.
- Present the words on the IWB or flashcards **they've where's** to read. Model pressing the sound buttons to make the phoneme and model merging phonemes together to blend the word (option to have a different coloured sound button for under the vowel).
- Encoding** – Explain using mnemonic in Teacher Activities.
- Make a phoneme frame on paper or a whiteboard / IWB to show the children how to build the word **she'll** with letters. Model writing the word, including the apostrophe.

Practise 10mins

Blending for Reading - Read a Sentence

Teacher writes one or more sentences on the board.

Children have to read in their head, not aloud, then teacher asks for children to support them in reading as they point to each word in the sentence.

Joe was upset. "They've not waited for me and now I'm alone".

I wonder where's the best place to get a hot chocolate?

I think she'll bring her shell for show and tell.

Apply 5mins

Segmenting for Spelling

Teacher displays a paragraph on whiteboard or IWB. Children identify where a contraction can be substituted and re-write it either on whiteboards or paper. Teacher and TAs must ensure the application of correct spelling, Common Exception Words and sentence structure.

I am so tired, we have been at the theme park all day. My brother is excited because he is going again next week with his friends, but they have already been three times! My sister is tired because she is working tomorrow and it is already late. We have had a wonderful day!

Other contractions

they've they'd they'll they're there's where's where'd who's who'd who'll who're who've what's what'll what're what've she'll she'd she's
