

Objective

Learn and practise dictionary work and proof reading.

Revise

Recall all GPCs learned so far using flashcards.

Teach 10mins

- Teach children how to proof read their own work as part of the writing process.
- Checking for spelling or typographic errors should happen once the writer is satisfied with all other elements of their writing.
It is important that teachers model the proof reading process in shared writing so that children can learn from example.
- When proof reading their own work children should check:
 - Spelling
 - Grammar
 - Punctuation
 - Tense
- Reading slowly word-by-word, reading it aloud or having a second person proof their writing are all good ways to ensure a piece of writing is mistake free. Sometimes it also helps to leave the work and return to it later with a fresh mind and full focus.
- For spelling improvement, it is good to keep a spelling log and dictionary nearby to record the words children commonly struggle with so they can target them and practise for accuracy.

Practise 10mins

Blending for Reading

Teacher gives children in pairs a dictionary and writes a word on the board. Ask children to find the word and read the definition, the part of speech and the pronunciation.

definitely friend immediately necessary neighbour weather which

Discuss with children if they found any new words that were unknown and what their approach to it was.

Apply 5mins

Segmenting for Spelling

Have children rewrite the following paragraph either on a whiteboard or paper. Teacher and TAs must ensure the application of correct spelling, Common Exception Words and sentence structure, and encourage children to undertake this process themselves.

today we are goin to the park. i am so excited to plai on the slighd. Mi brover just wants to plai on teh swings But mi favourite is football. i have gud skilz and plai on a team.
