

Objective

Learn and practise dictionary work and proof reading.

Revise

Recall all GPCs learned so far using flashcards.

Teach 10mins

- Revise with children how to use a dictionary to find spellings and definitions.
- Once children understand what a dictionary is and how to use it, they can further develop their word searching / spelling skills and then apply it in their writing.
- Children should be able to tell the teacher a word's pronunciation, its origin, its part of speech and what the meaning of the word is through the use of a dictionary.

Encourage them to explore unfamiliar words in the dictionary and expand their vocabulary. They can use a dictionary to test their spelling and correct as needed through the 'look, say, cover, write, check' method.

Practise 10mins

Blending for Reading

Teacher gives children in pairs a dictionary and writes a word on the board. Ask children to find the word and say what page number it's on. Teacher can write a list of several words for children to find and set up a timer to race against for fun!

their surprise school pretty beautiful money before dropped

Discuss with children if they found any particular words difficult to find and why that might be.

Apply 5mins

Segmenting for Spelling - Write a Sentence

Have children open to a random page in a dictionary and choose a word to write a sentence using. Ensure they understand the word's meaning before starting the sentence, and check the application of correct spelling, Common Exception Words and sentence structure.
