

### Objective

Learn and practise suffix **-ies**.

### Revise

Recall all GPCs learned so far using flashcards.

### Teach 10mins

- Teach how to add the **-ies** suffix when changing a root word ending in 'y' to a plural. When a word has a consonant before the 'y', you remove 'y' and add **-ies**.  
For example; **one pony / two ponies**.
- **Decoding** – Explain using mnemonic in Teacher Activities.
- Present the whole words on the IWB or flashcards **one strawberry / two strawberries** to read. Model pressing the sound buttons to make the phoneme and model merging phonemes together to blend the words (option to have a different coloured sound button for under the vowel).
- **Encoding** – Explain using mnemonic in Teacher Activities.
- Make a phoneme frame on paper or a whiteboard / IWB to show the children how to build the word from singular to plural.
- Build the word **ponies** with letters. Model writing the word.

### Practise 10mins

#### Segmenting for Spelling

Practise changing words from singular to plural using a phoneme frame and discuss the difference in pronunciation.

Share images and have children spell out words.

**one raspberry / two raspberries**

**one lady / many ladies**

**blue sky / blue skies**

### Apply 5mins

#### Blending for Reading - Hands up, Pair up

Children are all given a card with a word containing suffix **-ies**. Children walk around to clapping or music, then stop and hands up, pair up. Children read each others cards then trade and the process repeats itself a few times. Teacher and TAs must try and hear children reading and correct misconceptions or errors.

**raspberries blueberries blackberries cherries stories ponies babies buddies ladies puppies cries flies tries**

### Wordbank

**fairies spies butterflies trophies copies bodies pennies replies marries carries tidies**
