Blending for Reading - Hands up, Pair up

Children are all given a card containing an 'air' or 'ear' word. Children walk around to clapping or music, then stop and hands up, pair up. Children read each others cards then trade and the process repeats itself a few times. Teacher and TAs must try and hear children reading and correct misconceptions or errors.

Segmenting for Spelling

Teacher shares two images on the board, one of a pair of socks and one with an image of a pear with labels beneath them. Discuss the difference between them; they both have the same phoneme but have different graphemes.
