## Objective

Compare vowel digraph **ai** and r-controlled trigraph **air**.

## Revise

Revise Alphabet Song.

### Revise **ai/air**

Remind the children when decoding an unfamiliar word to scan the whole word looking for clues, then to find the vowel that is familiar and then look at the letters next to it. Here we will see 'ai' and 'air'.

Share an example of similar looking words **hail** and **hair**, then model how to read these words.

### Blending for Reading - Hands up, Pair up

Children are all given a card containing an 'ai' or 'air' word. Children walk around to clapping or music, then stop and hands up, pair up. Children read each others cards then trade and the process repeats itself a few times. Teacher and TAs must try and hear children reading and correct misconceptions or errors.
