

Levelled School Readers for Home

Dear Parents,

We are now using Wushka's cloud-based levelled reading program at school. The program encourages students to engage with fiction and non-fiction texts on interactive devices. All School Readers are levelled from Level 1 through to Level 31+ and have been developed using decades of educational publishing experience.

The Wushka program is now available at home for a low monthly home subscription. Working with your child's teacher to select appropriately levelled readers will help to reinforce and support what your child is learning at school and is key to further developing their reading skills.

Please visit wushka.com.au to check out the program or if you have any questions speak to your child's classroom teacher.

Happy reading!
