Phase 3 Assessment

Non-Word Reading Task

PURPOSE

To assess grapheme recognition and blending.

PROCEDURE

1. Use a scenario to put this task in context for the student, for example some friendly aliens came to Earth in a spaceship. The aliens had lists of their names. This is what was written on the list.

2. Say to the student:

"Can you read the words? Do you think you would be able to help the alien read the names on the list?"

3. Ask the student to say the sound for each letter (grapheme) and then blend them to make a 'word'.

4. Record the sound for each grapheme and the blended word.

5. Stop after three consecutive errors.
