Blending for Reading - Hands up, Pair up

Children are all given a card containing an 'ay' word. Children walk around to clapping or music, then stop and hands up, pair up. Children read each others cards then trade and the process repeats itself a few times. Teacher and TAs must try and hear children reading and correct misconceptions or errors.

Segmenting for Spelling - Quickwrite

Teacher reads out a decodable word (containing the target grapheme) and the children segment the word by counting the phonemes on their fingers.

At an early level, scaffold by writing the first letters on the whiteboard and ask children to write the last letters on their own.
