Teach 10mins

- **Hear Syllables** - Share 3 images or objects with two syllables. ([drinking](#) [crunching](#) [desktop](#)).
- **Teach Syllables** – Explain to the children that a syllable is a unit of pronunciation having a single, unbroken vowel sound in it. Model clapping when a syllable is heard with words [drinking](#) (x2 claps) and [crunching](#) (x2 claps).
- **Decoding** – Explain using mnemonic in Teacher Activities.
- Present the whole words on the IWB or flashcards [drinking](#) [crunching](#) [desktop](#) to read. Model to the children where the vowel is in the word and underline it. Then draw a line to separate the two words and read aloud the second word. Children then blend to read the first syllable with a slight pause followed by second syllable. Then model how to merge both words together fluently.
- **Encoding** – Explain using mnemonic in Teacher Activities.
- Use a phoneme frame to show the children how to build the word [windmill](#) with letters. Model writing the word.

- **Common Exception Words** - [do](#) [little](#).

Blending for Reading - Hands up, Pair up

Children are all given a card containing a two syllable word. Children walk around to clapping or music, then stop and hands up, pair up. Children read each others cards then trade and the process repeats itself a few times. Teacher and TAs must try and hear children reading and correct misconceptions or errors.
