

Grant a Wish

Mat and Ted sit hidden in the thick of the green, green forest. They hear a wizard creep nearby.

Grant a Wish

The wizard hums as he looks for the kids. Mat grips onto Ted tight. Can the wizard see them?

Grant a Wish

All of a sudden, the wizard groans in pain. "Help, help!" he yells out. "I beg for you to help me," he said.

Grant a Wish

The wizard limps. The wizard has pricked his leg on a thorn. He droops down in pain.

Grant a Wish

"This is not a trick," he wails. Ted and Mat run out from behind a tree. They pull the wizard up.

Grant a Wish

"Grab onto me," said Ted. "We can help. We will not drop you," said Mat.

Grant a Wish

"Thank you for helping me. Let me grant you a wish," said the wizard. "No need for a wish. Can we just be pals?" said Ted and Mat.
