

As the Dragon Sleeps

“Ssshhh. Hush now,” said Pat. “The dragon sleeps,” she said to Tab. “Purr, purr,” said Tab.

As the Dragon Sleeps

As the dragon sleeps, Pat and Tab discuss the plan for the dragon. They creep back out of the room.

As the Dragon Sleeps

“It is clear to me that the King will plot to keep the dragon as his pet,” said Pat. Right now, the dragon is Pat and Tab’s best kept secret. But, not for long.

As the Dragon Sleeps

“How can we get the dragon out?” asks Pat. “We cannot keep her in the attic,” she said. Tab nods.

As the Dragon Sleeps

As the dragon slept, its wings began to flutter. The wings shiver and flap and lift up high. The dragon is floating in the air.

As the Dragon Sleeps

The dragon flutters. Next, she floats back down on the chair. All in her sleep.

As the Dragon Sleeps

“This is the plan. Her wings tell us. She will float out of here,” said Pat. Tab nods, as the dragon sleeps.
